

Cookbook is looking for
a FULL-TIME LEAD COOK +
a PART-TIME PASTRY COOK

We are looking for mature, responsible, and avid cooks to join our small, dedicated kitchen crew - these are both daytime cooking positions. Must have a deep knowledge and love of cooking, must be extremely organized, self-motivated and must have a minimum of 2-years commercial kitchen experience. This is a perfect cooking job for someone who wants to cook in a professional setting without the long, grueling hours of restaurant work.

If you'd like to work with some really friendly and knowledgeable people who are into hard work and good food, then please send us your cover letter + resume - please indicate if you are applying for our FT LEAD COOK or PT PASTRY COOK position.

Please let us know what your 3 favorite ingredients are, what your best dish is, and what cookbook you are cooking out of at the moment.
